

Sample Student C

B.Tech Computer Science | Aspiring NLP Engineer

Summary

Student interested in language models and text processing.

Skills

Programming: Python

NLP: NLP, Transformers, Hugging Face, LLM

Deep Learning: Deep Learning, PyTorch

Tools: Git, Jupyter

Projects

Sentiment Classifier - Fine-tuned Transformers from Hugging Face for review sentiment using PyTorch.

Text Summarizer - Built an NLP pipeline for summarizing news articles with an LLM.

Education

B.Tech in Computer Science, Sample University (expected 2027)
